

Jill,

In response to additional information requested, due 01/13/2011. Item 1 - The items in question have period and description changes to clarify the types of contributions that were received. Item 2 - The Cumberland, Franklin, Pickett and Roane County GOP's do not collect corporate, union or any other prohibited contributions in the State of Tennessee other other levels. The contributions received from the county parties are legal funds for FEC purposes. Item 3 - I did find a 2,000.00 loan payment on schedule B. The total loans repaid to the candidate are 21,500.00 which balances to the totals on the October Monthly report. Please contact me if you have any other questions.

Troy Brewer
